

Nationwide

LifePoint Health is a leading healthcare provider serving patients, clinicians, communities and partner organizations across the healthcare continuum. Our mission is Making Communities Healthier, and our growing diversified healthcare delivery system is focused on enhancing quality care, increasing access and lowering costs for patients.

We recognize the crucial role a thriving healthcare system plays in supporting the economic health and development of a community. We also recognize that our employees are at the heart of our mission and are committed to ensuring a safe, inclusive working environment where they can grow professionally and personally.

Our annual Community Benefit Report shows the broad scope of the contributions we make nationwide. From enhancing access to quality care by continually investing in our facilities and providers, to being a valuable economic leader through the taxes we pay, to creating places where employees want to work through the opportunities we provide for employment, continuing education and professional development, we are making a meaningful and substantive impact in communities from coast to coast.

In 2021, we had a total economic impact of more than \$6.8 billion.
