At Person Memorial Hospital, our goal is to deliver the best healthcare available to the residents of the Person County region, as we seek to make our community healthier. With the help of dedicated physicians, employees, volunteers and board members, along with your support and encouragement, we continue our passionate pursuit of excellence.

Delivering quality healthcare close to home is the single most important contribution we make. Our hard work was evident as Person Memorial was a recipient of LifePoint’s 2012 President’s Patients First Award. This award honors one LifePoint hospital for its excellence in enhancing quality patient care. But there are many other ways we make a positive impact on the communities we serve. Here are a few of the ways we are making a difference.

Nearly $4.8 million in capital improvements
Person Memorial has made a number of quality improvements to our state-of-the-art facility including major upgrades to the Imaging Department highlighted by the installation of a new CT Scanner and the addition of Digital Mammography. Other major capital improvements include a cardiac aquatic lift for the Rehabilitation Department and a MedComm scanning system for the Pharmacy. Person Memorial also purchased a medical office building for future expansion and growth.

In fact, we invested $4,781,460 in our facilities last year which, in addition to the above, included technology replacement, information technology additions/updates, and important facility upkeep and maintenance such as performing major maintenance to hospital vehicles and upgrading the paging system on the Medical/Surgical Unit.

Contributing to our local tax base
Last year, Person Memorial Hospital paid $759,635 in taxes which helped support our city, county and state. This included sales taxes as well as property taxes. These dollars help maintain local schools, fund the development of roads, recruit business and industry, and provide other similar services vital to support and sustain a thriving economy.

Helping those in need
Person Memorial Hospital is committed to ensuring the delivery of needed healthcare to all members of the community, regardless of ability to pay. Last year, the cost to Person was more than $4.8 million to provide services for those without the ability to pay for their care.

Adding new physicians
During the past year, Person Memorial Hospital added four new physicians to our highly respected medical staff, including specialists in primary care and hospitalists.

One of our community’s major employers
With an annual payroll of $16,391,317 and 350 employees, Person Memorial Hospital is one of the largest employers in the region. This means that our staff and family members attend many of the same schools, shop at the same stores and volunteer their time and resources for the same organizations as you do.

We thank you for choosing us for your healthcare needs. With your support, we can continue making our community healthier.
 Charity and other uncompensated care.................................................................................................................. $ 4,859,139
