

Nationwide

Through its affiliated providers and facilities, LifePoint Health provides quality healthcare and civic leadership to more than 70 communities across the country. By investing in the best physicians and supporting them, delivering high quality patient care close to home, creating excellent workplaces for our employees, taking a leadership role in their communities and ensuring fiscal responsibility, our facilities contribute significantly to the economic success and health of the locations they call home.

Each LifePoint facility produces an annual Community Benefit Report, showing the broad scope of its contributions to the communities it serves. Below is a summary of the collective impact our hospitals have nationwide.

OUR MISSION
Making
Communities
Healthier®

OUR VISION

We want to create places where:

- People choose to come for healthcare
- Physicians want to practice
- Employees want to work

**OUR HIGH FIVE
GUIDING PRINCIPLES**

- Delivering high quality patient care
- Supporting physicians
- Creating excellent workplaces for our employees
- Taking a leadership role in our communities
- Ensuring fiscal responsibility

"Charity and other uncompensated care" includes hospital costs not covered by Medicaid reimbursements and supplemental payments, as well as charity care and bad debt. "Physician recruitment costs" include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. "Capital investments" include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance. All references to "LifePoint," "LifePoint Health" or the "Company" used in this release refer to affiliates or subsidiaries of LifePoint Health, Inc.

About LifePoint Health

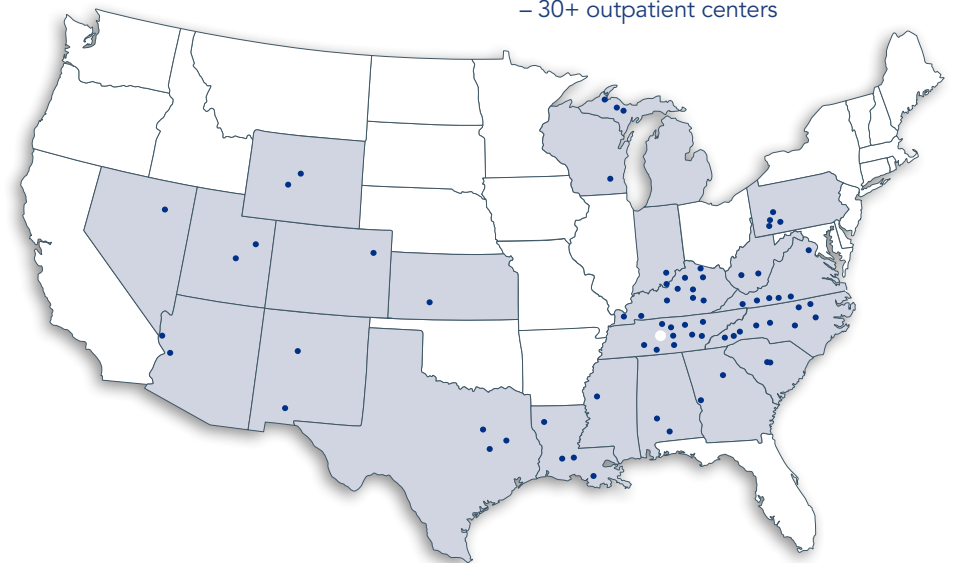

Since 1999, LifePoint Health® has been committed to providing the best possible care to communities across the United States through hospitals, regional health systems, physician practices, post-acute services, and outpatient services.

Within our communities, we actively seek ways to enhance access to care and help people get and stay healthy. This includes partnerships with regional employers to create wellness and occupational health programs, and regional prevention and outreach programs.

We recognize the crucial role a thriving healthcare system plays in supporting the economic health and development of a community, and we are proud to share our contributions through this report.
